

performed in accordance with this section. The statement must be submitted by January 1st of each year, and must include a list of the nurseries inspected and found free of rust-susceptible plants.

(f) The Administrator may remove a protected area from the list of designated protected areas in paragraph (c) of this section if he or she determines that it no longer meets the criteria of paragraph (a) or (b)(1) through (3) of this section. A hearing will be held to resolve any conflict as to any material fact. Rules of practice for the hearing shall be adopted by the Administrator.

[54 FR 32791, Aug. 10, 1989, as amended at 55 FR 29558, July 20, 1990; 57 FR 3118, Jan. 28, 1992]

**§ 301.38-4 Interstate movement of regulated articles.**

(a) *Non-protected areas.* (1) Interstate movement of regulated articles into or through any State or area that is not designated a protected area under § 301.38-3(c) is allowed without restriction under this subpart.

(b) *Protected areas—(1) Prohibited movement.* The following regulated articles are prohibited from moving interstate into or through any protected area:

(i) All *Berberis* seedlings and plants of less than 2 years' growth, and rust-susceptible *Berberis* plants, seeds, fruits, and other plant parts capable of propagation.

(ii) Rust-susceptible *Mahoberberis* and *Mahonia* plants, seedlings, seeds, fruits, and other plant parts capable of propagation.

(2) *Restricted movement:* The following regulated articles may be moved interstate into or through a protected area with a certificate issued and attached in accordance with §§ 301.38-5 and 301.38-7 of this subpart:

(i) Plants of at least two years' growth, seeds, fruits, and other plant parts capable of propagation of the genus *Berberis* that are designated as rust-resistant in § 301.38-2(a)(2) of this subpart;

(ii) Plants, seedlings, seeds, fruits, and other plant parts capable of propagation of the genera *Mahoberberis* and

*Mahonia* that are designated as rust-resistant in § 301.38-2(a)(3) of this subpart.

(c) An inspector may issue a limited permit to allow a regulated article not eligible for certification under § 301.38-4(b)(2) to move interstate into or through a protected area to a specified destination that is stated in the permit and is outside the protected area, if the requirements of all other applicable Federal domestic plant quarantines are met. A regulated article moved interstate under a limited permit must be placed in a closed sealed container that prevents unauthorized removal of the regulated article, and that remains sealed until the regulated article reaches the final destination stated in the permit. At the final destination, the sealed container must be opened only in the presence of an inspector or with the authorization of an inspector obtained expressly for that shipment.

(d) The United States Department of Agriculture may move any regulated article interstate into or through a protected area in accordance with the conditions determined necessary to prevent the introduction or spread of black stem rust in protected areas, as specified in a Departmental permit issued for this purpose.

**§ 301.38-5 Assembly and inspection of regulated articles: issuance and cancellation of certificates.**

(a) Any person, other than a person authorized to issue certificates under paragraph (c) of this section, who desires to move interstate a regulated article that must be accompanied by a certificate under § 301.38-4(b), shall, as far in advance of the desired interstate movement as possible (and no less than 48 hours before the desired interstate movement), request an inspector<sup>5</sup> to

<sup>5</sup>Services of an inspector may be requested by contacting a local APHIS office (listed in telephone directories under Animal and Plant Health Inspection Service (APHIS), Plant Protection and Quarantine). The addresses and telephone numbers of local offices may also be obtained by writing to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Domestic
